

INTRODUCING ILT'S ULTRA MASS SPEC CERTIFIED UM4™ FOR PHARMACEUTICAL LAB USE.

FEATURES:

Ultra low-bleed	Conditioned to ILT's level-4 standard
Certified by GC/FID, GCMS and LCMS	For use with all mass spectrometry methods including Pharmaceutical testing

ILT's Ultra Mass Spec Certified UM4™ caps not only meet today's requirements for GC, GCMS, LC, HPLC and LCMS but exceeds them. ILT's UM4™ is manufactured with the highest quality silicone and PTFE. UM4™ liner material has been conditioned to ILT's level-4 standard for an ultra-low bleed product. A certificate of analysis is provided to customers, while all chromatographic data is available on request.

Part #	Description
009-03-6381	9mm blue screw cap, press-fit white PTFE/purple silicone
009-13-6382	9mm blue screw cap, bonded white PTFE/purple silicone
009-13-6380	9mm blue screw cap, bonded white PTFE/purple silicone, pre-slit
